Owen Sounders Slap Kings Down

Peaches How Their Regal Heads For The First Time This Season—Grey County Lads Had Just As Much Speed And More Finish In Their Passing Game—Score 9-4.

The Peach Kings have finally felt the axe. The weapon in this instance was the Owen Sound Lumber Kings, and though we didn't see a heck of a lot of timber, fourteen hundred fans saw a lot of rubber go past Hynde Shenker.

Writing this account before the final game is a trifle difficult, 'cause we still believe in fairy God-mothers or some other such tokens of magic. But if the Kings do upset the Grey County boys it would certainly be the upset of the year. There is certainly no disgrace in the King defeat. The facts are simple. Owen Sound is a good club, and for the first time this year, the locals found a team that skated as fast or even faster than they do.

Peach Kings flashing their true form in Owen Sound last night defeated the Lumber Kings 5-2, but fell short three goals of winning the round and are now eliminated from the play-offs. Rushton's Ramblers commanded the situation right from the face-off. At no time did the Sounders ever lead. It is now curtain and slow music for 1946.

Owen Sound has a team that is very well balanced, and their passing is very smooth. Backed by a goal-tender who was outstanding in Tuesday's game, they will be a tough nut for any team to lick in the Ontario Championship. Play by periods, we give a draw on the first, Owen Sound by a mile in the second, and the third was definitely all Peach Kings. This Owen Sound team was refused admission to the group by the O.H.A. and got a bye. They eliminated Southampton in the first round, and defeated the Palmerston-Moorefield entry in their second round. Slated to meet Port (Continued on page 3)

Legion Will Hold Ladies' Night

West Lincoln branch 127, Canadian Legion, are holding Ladies' Night, in the Masonic Hall on Wednesday night of next week. Dinner will be served at 6.30.

To make this event a big success it is up to every Legion member and all other servicemen to attend and bring their wives, mothers and sweethearts. After the dinner suitable entertainment will be provided.

It is also anticipated that at this gathering the plans for the formation of a Ladies' Auxiliary for the Legion will be discussed and the movement got under way.

Chief speaker at the annual meeting of Grimsby Red Cross to be held in Trinity hall on Tuesday, March 26th, will be Sgt./Ldr. Ernest Hamilton, of the R.C.A.F.

Squadron Leader Ernest Hamilton who served for six years as a Royal Canadian Air Force chaplain and is also a veteran of World War I, is the newly appointed Field Secretary of the Ontario Division. As senior chaplain in the Middle East, Mr. Hamilton travelled over 175,000 miles. His duties took him over West Africa, North Africa, Egypt, the Sudan, Cyprus, Syria, Jordan, Palestine, Malta, Sicily and Italy.

Congratulations

William F. Geddes, prominent Grimsby fruit grower, who celebrated his 80th anniversary on Sunday last.

Water Commission Checking System

Water Pumping Jumped Over Five Million Gallons In February—Still Away Above Normal Average.

Fears are held by members of the local water commission that a serious break has occurred some place in the town's water mains, as the amount of water pumped during the month of February and so far this month has increased greatly over the same period of last year.

The February total this year exceeded last year's by 5,225,000 gallons and the March pumping is reported to be showing an increase of approximately 170,000 gallons a day over last March.

An instrument for checking the mains from above the ground has been borrowed from the St. Catharines Public Utilities Commission. In an effort to detect a leak, but to date have been unsuccessful in locating any leaking main.

Other tests are being made at the reservoir and in other places where a large leak could go unnoticed for a long period of time.

New Constable

Town council in special meeting on Friday evening last selected and appointed Leslie Luey as a second constable for Grimsby.

Constable Luey is 23 years of age, stands 5 ft. 10 inches and weighs 165 pounds. He is a six year service man of World War II. He went overseas with the R.H.L.I. and with his twin brother was taken prisoner in the Dieppe action and was in prison camps in different parts of Germany until V-E Day.

Salvage Brings \$235 To Legion

Congratulations are the order of the day to Chairman George Warner and the members of the Canadian Legion for the great job that they performed in the last salvage drive.

Net proceeds from the sale of the salvage for the building fund, amounted to \$235.25. This was made up from the sale of: 24,000 pounds of paper; thousands of glass bottles; 4180 pounds of No. 1 iron; 1000 pounds of No. 2 iron; 505 pounds of rags; 150 pounds of rags; 50 rubber tubes; 1210 rubber tires; one old battery.

Another salvage drive will be conducted later in the Spring.

New Fords Will Be On Display

Bertram W. Rhanta of the West End Motors announces in this issue of The Independent that the first new 1946 Ford car, to be exhibited in this district, will be on display in the showroom on Saturday, March 23rd.

During the war years Ford of Canada produced over 400,000 vehicles for the Department of Militia and Defence and the new 1946 private car has many of the new improvements incorporated in it. In fact not since the V-8 first came on the market in 1922 have there been so many new mechanical designs introduced at one time.

You are cordially invited to visit the West End Motors showrooms and inspect these new cars, either on Saturday or at your earliest convenience.

Facts And Fancies

GRIMSBY SHOULD HAVE MAIL DELIVERY

Now that the wars are over and we are trying to struggle back to normalcy is it not about time that Robert C. Bourne and Davey Thompson revived the Chamber of Commerce, if it is possible to revive that body.

There are many important questions concerning the future growth and development of Grimsby that should be taken up at once. If the Chamber of Commerce is not again going to be an active body then it is up to Town Council or some other organization to wake up and get some action along many different lines that will keep Grimsby in the front rank of the smaller towns of Canada.

This week I am going to discuss free mail delivery and pick-up of mail in Grimsby. Remember Grimsby Post Office is a Civil Service office. There is no reason why Grimsby cannot have a mail delivery to the merchants, factories and homes, once, if not twice a day. There is no reason why Grimsby cannot have a pick-up of mail from boxes placed at strategic points throughout town, twice a day.

The establishment of this mail delivery and pick-up would give the people of Grimsby a service that is badly needed, as well as

giving employment to at least three, if not five, returned servicemen.

The pick-up of mail from boxes, in Grimsby, is really of more importance than the delivery. It is a long walk from the corner of Lake street and Maple avenue to the C.N.R. station, the closest mail box, and a whole lot longer to the Post Office. It is also a very long walk from the corner of Main west and Kerman avenue, or the corner of Livingston and Kerman to the Post Office. Then how about that long walk from the Fairview avenue section to the Post Office.

A mail pick-up in Grimsby would be of great advantage to the citizens, as would a mail delivery. Therefore it is up to the Chamber of Commerce, the Town Council or some other organization to come out of their comatose and do something on this matter. Also on several other important questions.

I have private information that leads me to believe that this mail delivery and pick-up system can be established in Grimsby if the right people go about it in the proper manner and make application for it to the proper authorities.

Gentlemen of the Town, it is up to you. Get busy and do something. Next week I will give you another idea to work on. But you have first got to take your nitecaps off and get busy.

JARVIS FAMILY AND O. A. C. CLOSELY LINKED TOGETHER

NOTE—The following story about the Jarvis Family and their half century connection with the Ontario Agricultural College, Guelph, is taken from the O.A.C. Review. The family are well known in Grimsby and district having lived hereabouts for a good many years, particularly our two highly respected citizens Chester D. and Tennyson D. Jarvis and their families—ED.

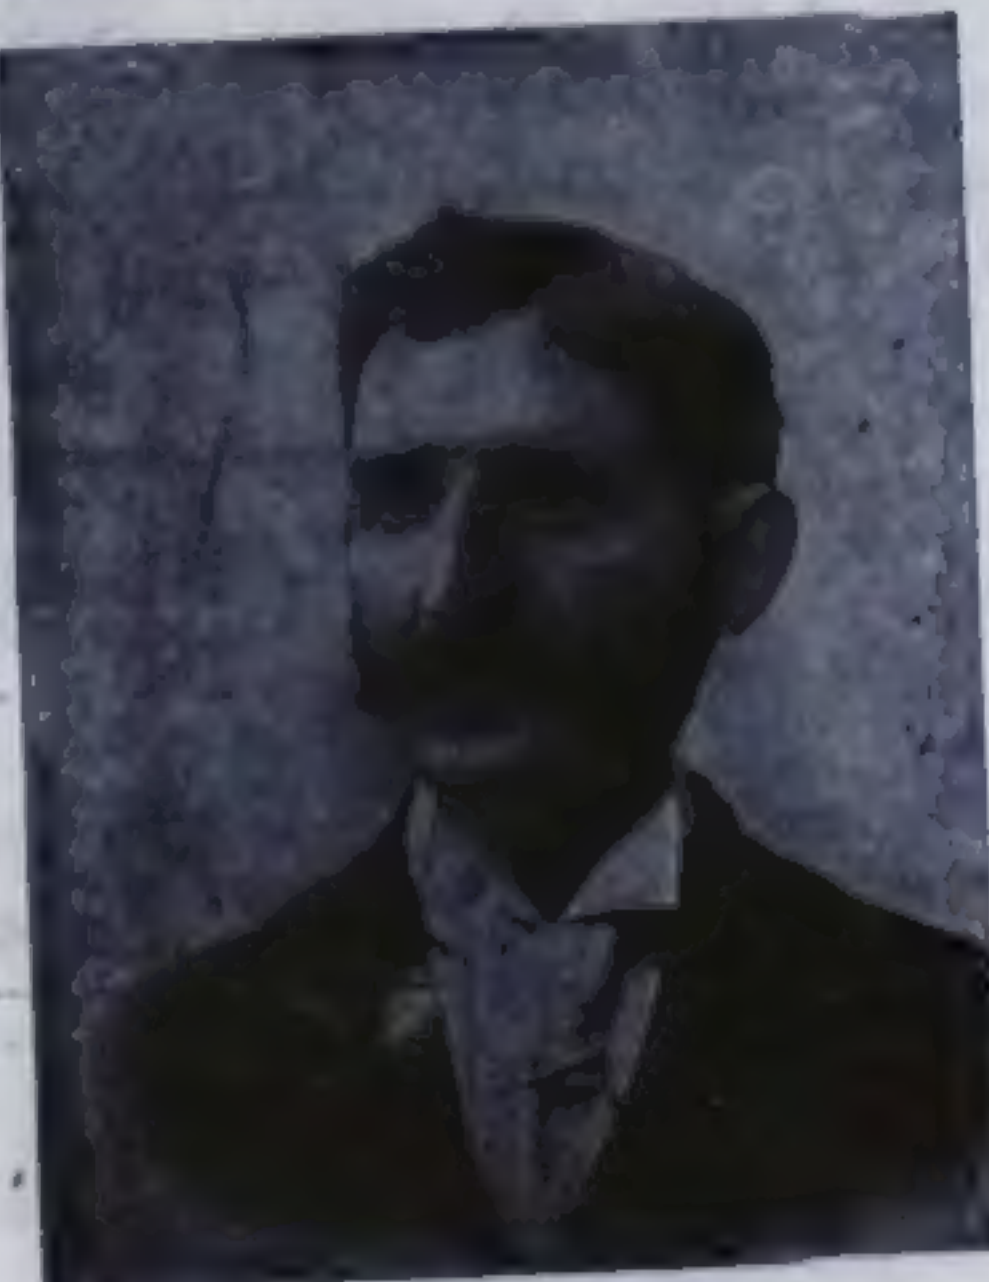

In any history of people who have had connection with the Ontario Agricultural College the Presidents, past and present, would of course, hold the most conspicuous place. Many other members of the staff have, throughout the years, made notable contributions to the work and welfare of the college and to the progress of both practical and scientific agriculture. A comprehensive history would cover the life and work of all of these, but that is not the object in view in the preparation of this and perhaps later and somewhat similar articles for the Review columns. Rather it is the writer's thought to present some interesting facts about families who have contributed most largely in numbers to the staff and student body, and in part to follow the lives of some of these into the years after graduation.

It is common knowledge that the best advertising medium of any educational institution is its graduates, and that a goodly proportion of the young people entering any college are there because parents or brothers or sisters have

been there before them. Times without number a school or college has become a family tradition, and in the older lands not only member after member of a single family, but generation after generation of that family connection have attended the same college.

The O.A.C. has now passed its three score years and ten of active life and it, too, is acquiring family traditions. Probably most outstanding in this regard up to the present time is the Jarvis family.

With the exception of the once famous American tenor singer, Harold Jarvis, who had been one of O.A.C.'s earlier students and was perhaps a distant relative, the Jarvis connection began with the coming in 1894, of L. G. Jarvis to be the first head of the then newly established poultry department at the college. Mr. Jarvis had for some years operated a fruit and poultry farm at Port Stanley and had by this time become known as one of Canada's most successful poultry breeders and as an expert judge of both poultry and other classes of livestock. He was also an ardent nature student with an abiding love for all growing things. This love had already in no small measure been imparted to the members of his numerous young family and it had a distinct bearing on the future trend of their lives. After five years of careful work in which he got the foundations of a poultry department well laid and a course of student instruction in poultry raising slowly organized, Mr. Jarvis resigned to engage in fruit growing and poultry raising in the Grimsby district. Through-

L. G. Jarvis

The head of the Family.

out his life he continued to be a leading figure in the poultry world and was recognized as one of North America's most outstanding poultry judges.

Two years after L. G. Jarvis joined the college staff, two of his sons enrolled as students. Chester, the elder, graduated in 1900 and Tennyson, the younger, in 1900.

In 1906 two daughters of the Jarvis family enrolled as students at Macdonald Institute, the Home Economics Division of O.A.C. After graduation, Lella, the elder of these two, married J. B. Picken, a C. ex-student who was and is an O.A.C. extensive fruit grower still in an Ontario; Maynie, the younger, married Harold Hatfield, a College, who later became a graduate of Connecticut Agricultural College, who later became a graduate of Rutgers University in New Jersey.

In 1910 Roy, enrolled and spent his college years at the college. Later two years in 1919 to complete his education and graduate in 1921.

In 1932 began to appear at O.A.C. Jarvis was a son of L. G. Jarvis when Jackman of L. G. Jarvis was and he college to graduate in 1936; Jar Economics course about the Homelands. Then in 1937 came the same as, daughter of Lella Jarvis for two years and to complete Jarvis family O.A.C. connection up to date. But who knows how far in future years?

It is quite probable that numerous new cases will occur in the more westerly portion of the county. Parents should realize that this disease may cause serious complications. No child should be allowed to resume his normal activities until he is perfectly well. If there is any doubt about his health he should be seen by his family physician.

Leaving Grimsby

Rev. R. C. Standerwick, for the past two years Pastor of Grimsby Baptist church, has resigned his charge and will return to Prince Albert, Sask., where he will assume the pastorate of First Baptist church of that city. He will finish his Grimsby pastorate on April 30th. Rev. George A. McLean, Pastor of Ingersoll Baptist church will take over the pastorate of Grimsby church on June 1st. Prior to going to Ingersoll Mr. McLean was Dominion Field Secretary for the Social Service Council of Canada. He has been in charge of Ingersoll church for the past eight years.

Dining Room At The Inn Re-opens

Will Be Ready To Serve The Public On Sunday—Patrons Due For A Surprise.

While renovations and alterations at the Village Inn are not completed, still the work is far enough advanced so that the dining room will be opened to the public on Sunday of this week.

Patrons of this fine hostelry will receive a pleasant surprise when they see the magnificent manner in which this fine dining room has been redecorated. The kitchen has also been completely overhauled with new ranges and other appliances installed and while this work is not complete still it is far enough advanced to allow the opening of the dining room.

There is still a lot of work to be done to the rotunda and the east drawing room and when completed will make a vast improvement to this popular hotel.

When all alterations and renovations are completed a grand opening of the hotel will be held some time in May.

Measles Travel East To West

From January 1st To March 15th 262 Cases Reported In West Lincoln—Care Must Be Taken.

(By Dr. J. M. Mather, M.O.H. for West Lincoln)

The outbreak of measles in Lincoln County is still continuing in certain districts. This outbreak began before Christmas in St. Catharines and has moved steadily westward since that time. From January 1st to March 15th, 262 cases have been reported to the office of the West Lincoln Health Unit. These reports are from North and South Grimsby, Clinton, Gainsboro and Caistor Townships.

In certain areas the number of cases appears to be on the wane. In Clinton Twp., including the village of Beamsville, 132 cases have been reported but only 7 of these occurred in March. In contrast, in South Grimsby including Smithville 62 cases have been reported and 47 of these occurred in March. In Smithville many of the cases were in high school students. 7 cases have been reported from North Grimsby Township and 6 of these occurred in March. In Grimsby 35 cases have been reported and 30 of these occurred in March. In Gainsboro and Caistor Townships there have been 26 cases but thus far none have been reported in March.

It is quite probable that numerous new cases will occur in the more westerly portion of the county. Parents should realize that this disease may cause serious complications. No child should be allowed to resume his normal activities until he is perfectly well. If there is any doubt about his health he should be seen by his family physician.

Canning Million Pounds Chicken

Bartlett Canning Company Of Beamsville Canned 150,000 Pounds Last Year As An Experiment—Keeps Factory In Operation In Winter Months—Only Three Plants In Ontario—Government Requirements Are Very Strict—Worked On Assembly Line Basis.

In taking you, the readers of The Independent, about the district, and giving you an inside view of industry in West Lincoln County, we shall in time have proof that right here, we have almost everything that man needs to-day to exist.

This week its something on the edible line, and it is different. Our visit to the Bartlett Canning Factory in Beamsville left us with a ravenous appetite, and chicken does that to most of us.

This is the second season that Ben Bartlett has gone into the processing of chicken, which is a relatively new process. The requirements set up by the government are a big obstacle, so much so, that the Bartlett factory is one of the few in Canada to undertake the task.

The need for a canning factory in Beamsville was acute, back in 1940, when the Beamsville Growers, of which Mr. Bartlett was then manager, decided to erect a small factory to take care of the abundance of fruit that was pouring in from growers in the district. For two years the Growers operated the plant, until in 1942 Mr. Bartlett bought the business. Since then it has grown, and will continue to expand under the watchful and "eye to the future" command of Mr. Bartlett.

As in most canning factories, the usual commodities were processed, these being tomatoes, peaches and pears. In 1943 plums were added to the list. This is okay for the summer and fall period, but what to do in the winter months. So it was in the winter of 1945 that plans were made to process chicken, and as Mr. Bartlett says "we just processed 150,000 pounds for a start."

Before we get too wrapped up in this chicken, we must mention the forty carloads of beets that were imported from Michigan and New York State, this, along with tons of carrots from the Bradford Marshes, and the Markham district kept the Bartlett plant going steadily in the fall of 1945. It is Mr. Bartlett's hope that these vegetables can be contracted locally, and an attempt to contract for these articles is being made this year. With the outlook for help a little brighter this year, the 1946 capacity should look something like this: 30,000 cans tomatoes, 30,000 cans of peaches, pears or plums, and 15,000 gallon cans of any product. One hundred and seventy-five employees will be needed to carry this effort out.

If you housewives have been fortunate enough to spy a can of chicken on your grocer's shelf, then (Continued on Page 7)

Many Entries For Music Festival

Popular Musical Program Will Be Held Week Of May 13th And May Extend Into Following Week.

Entries for the Fourteenth Annual Lincoln County Spring Musical Festival closed March 15th. This festival which is growing in popularity each year will be held Monday, May 13th, and from May 13th and from the large number of entries which have been received it may be necessary to continue the programme during the week of May 20th.

It has been necessary to make a last minute change in the personnel of the adjudicators. Miss Elsie M. Wearne of Hamilton who was to have adjudicated entries under Speech Arts which includes verse, choral and public speaking found it impossible to adjudicate as she found it necessary to return to England so that now Mrs. Hazel Schwenker, Chairman of the Adjudicators Committee, has made arrangements with Irene Fairclough to take charge of the adjudication for this section.

Irene Fairclough is one of the most capable adjudicators in the Province as she studied voice production and acting with Mrs. Clara Salisbury Baker, L.R.A.M., obtaining her A.T.C.M. degree under (Continued on Page 7)

FACTS & FANCIES

Frank Fairborn, Jr.

NOT RESIGNING

The Labor pressure group (OCL-CIO) which tried to put the heat on Hon. Charles Daley, in demanding his resignation as Minister of Labor, was bound to meet failure by the tactics adopted. To condemn a man as ex-grocery clerk in this democratic age, was about as ignoble an attack as could be conceived. The citizens of this district, who watched Charles Daley all during his career as alderman of St. Catharines and then, later, as Mayor for five years, always improving in his public service, will not subscribe to an attack of that kind, and one may well doubt if Ontario people care for it either.

There are men today in the British Cabinet who have risen from the lowest walks of life to their present high status. This advancement of men of ability, stamina and courage, should be a matter of pride and not derision and Labor, least of all, should indulge in that sort of hyperbole.

In the Legislature yesterday, Mr. Daley defended his course of action. As public representative and Minister of Labor, he holds no brief for either labor or management. He is in the position of an adjudicator, and expressed his determination to right wrongs when he saw them on either side. As a Minister of the Crown, is that not a perfectly proper attitude, because the Crown represents no special interest, but all the people. The Ministry of Labor was devised in the first place to study the problems arising between employer and employee, and to find a way of settlement without loss or distress to either. It was not instituted to plead a special case for labor only, but that seemingly is how some would like to have it work out.

Mr. Daley is not resigning and, under our system of government, if every Crown Minister under attack quit under fire by some special group of malcontents, there would be chaos. How many times has Prime Minister King been attacked by this or that group in the Dominion? Did he ever resign?

In the advocacy for a 40 hour week, how long would that satisfy if realized? The Minister was wise when he said that it would be only a matter of time when a 32 hour week would be demanded and how could Canada stand up in production and competition with the world, under such a schedule?

As for the nasty crack by the Labor pressure group about Daley being an ex-grocery clerk, it is a slam at every small business man in Ontario, and without small business enterprise in our cities, towns and villages, what would this province be like?

NASTY SUBJECT

Dr. W. L. Hutton, M.H.O. for Brantford, has precipitated a discussion which may resound throughout the province, the subject of sterilization, which the Nazis adopted as a State policy.

Just because the Nazis adopted this policy doesn't mean its condemnation. The way they inflicted it, however, was beyond all human concepts of Christianity or humanity.

It is rather a terrible thing to contemplate, but feeble-minded people are more procreative than those of high intelligence. Some years ago, when there was a birth impending in a good family, a St. Catharines Doctor of fine ability and presence, said that the higher intelligence in families made the reproduction of the race more difficult and more hazardous. Of course, that is basic. The Brantford Doctor quoted specific cases. Here is part of the report:

"In 1937 the Brantford General Hospital refused to permit the sterilization of a feeble-minded woman who, since then, has had four more children. She has eight living children and they live in indescribable filth in what is more like a pig-sty than anything else," Dr. Hutton told the Board of Health. "The father works in Brantford, lives in comfort in a Brantford hotel and goes weekly to his farm home. He received relief before the war."

This is news: "Kenny" Baxter is "Too busy".

Village Inn walls were bulging at the St. Pat's dance.

Supt. Lawrie and his boys gave the "Old stem" a thorough manicuring last week.

There are plenty of rumors of property changes on the Street, but none of them have come to a head.

Councillor Ingelhart looking over the Main street sidewalks. Do not believe he was counting the cracks as he had no adding machine with him.

The foregoing is only an excerpt of a news report appearing on the front page of The Toronto Globe and Mail. It is a subject which should cause everyone to stop and think.

And the public would think far more seriously on the subject if it realized the vast expense of upkeep of the thousands in mental hospitals in this province.

JUST IMAGINE

LONDON, Ont., March 6 (CP)—A five-day business week was proposed today by City Engineer W. M. Veitch and his assistant, R. W. Garret, and may be considered soon by the new city planning commission. Under the plan stores would close all day on Mondays and factories and offices would close all day on Saturdays.

Sounds good, doesn't it? But it doesn't jibe with the national economy. The only way Canada is ever to carry the hugely increased national debt is by full production and the greatest employment possible. It can't be done on a five day per week work basis. We are not "agin" it as a dream; the principle is most heartily endorsed, but it just isn't practical unless worse troubles are to be invited.

Moreover, this sobering thought: Visualize a dairyman taking two days off per week and letting the cows go without being milked! Imagine the fruit grower letting the crop ripen too much before being picked for market! Oh, imagine a lot of things, the housewife, too, having two days off.

SERVED ALOFT

It has often been said that one-half of the world does not know how the other half lives. Every day of our lives there are people living in the sky, carried above the clouds at a speed which annihilates distance.

In The White Horse Star, a bright little newspaper, half-pint tabloid in size, we noticed a display advertisement of the Pan American World Airways, for its service in Alaska. It has frequent schedules between Seattle, Ketchikan, Juneau, Whitehorse, Fairbanks, Galena, McGrath, Nome and Bethel, all places on the map in the Far North. How do the passengers fare? The company gives this as its menu aloft:

Breakfast—Fresh orange sections maraschino, home made breakfast pastry, butter, fruit juice, coffee, milk.

Luncheon—Crisp relishes, stuffed olives, cranberry delight salad, roast tom turkey, sage dressing, turkey gravy, candied yams, buttered green peas, buttered parker house roll, mince meat tart, hard sauce, mints, beverages.

Afternoon Snack—Pickles, olives, deviled egg, baked Virginia ham sandwich, home made meat loaf sandwich, thanksgiving pudding, whipped cream, beverages.

A report in the news columns states that traffic in January this year was 100 per cent. higher than in the year previous, that entire families are being transported and many Americans are stationed in the north during the building of the Alaska Highway are returning because they want to settle there.

Penned and Pilfered

Frozen mutton and pork are being taken on the S.S. Salcedo for shipment to England and Europe.

I have seen a woman be very particular about the preparation of food for a \$2.00 canary, but pay little attention to the way it was prepared for her \$3,000 a year husband.

When your work becomes a task, quit. You're in the wrong business. Until your work is your pleasure you can never be successful.

CONTINUATIONS

FROM PAGE ONE

JARVIS FAMILY

Now let us look briefly at the careers of the three sons and one grandson of L. G. Jarvis who secured the B.S.A. degree: and note how they have acquitted themselves in the affairs of life:

Chester D. Jarvis

Not long after graduating at O.A.C. Chester D. Jarvis proceeded to post-graduate study at Cornell University where in due time he secured the Ph.D. degree and notable recognition for his researches in horticulture while at Cornell. Then he was appointed Horticulturist for the State Experiment Station at Storrs, Connecticut.

There, as the years passed and his researches continued, he was able to publish a number of important bulletins. In 1912 he became joint author of a book entitled "Trees in Winter", which afterwards became a widely used College text book. Later, as Director of Agricultural Extension Service for Connecticut, and in co-operation with the State Department of Education, he inaugurated a new system of teaching agriculture in the rural schools.

This involved the appointment of a practical teacher of agriculture for the schools of each township, and combined classroom instruction with practical application by the pupils on their home farms.

The plan proved so successful that in 1915 Dr. Jarvis was appointed to direct the work in agricultural training in the U.S. Bureau of Education. Here he conducted extensive surveys of educational courses throughout the United States with a view to the elimination of overlapping of curricula in State institutions. This survey served as a basis for reorganization of education following the first World War.

In 1921 owing to somewhat impaired health, Dr. Jarvis gave up professional work and returned to Canada to engage in large scale fruit farming in the Niagara peninsula. In this he continued for a number of years but at length he sold his large place and built an attractive small home amidst a group of luxuriant sweet cherry trees in the western outskirts of Grimsby. Here he is living a quiet retired life but always, with his good wife, extends a hearty welcome to his College friends and his former horticultural associates.

Tennysen D. Jarvis

Few O.A.C. graduates have

had a more varied career than has Tennysen Jarvis. Graduating as he did at the turn of the century he was soon afterwards appointed to the staff of the Department of Biology at his Alma Mater. From his father he had inherited the love of nature, and throughout his youth as well as in summer vacations during his college course, he had spent much time in the woods and fields acquiring at first hand an intimate and loving acquaintance with the great out-of-doors. His departmental work was to be chiefly in Entomology and Zoology but his interests extended through the fields of botany, geology, soil conservation and general landscape appreciation.

On leave of absence in 1904 and 1905 he pursued post graduate studies at Cornell University: in 1905 he went as biologist with an Ontario Government exploring party making a brief geological and biological survey of the then little-known clay belt of Northern Ontario, and in 1907 he spent several months in Jamaica studying tropical plant and animal life.

In 1909, he was advanced to the position of Associate Professor of Entomology and Zoology at O.A.C. and in that year, also, his splendid work in Entomology was recognized by his being elected President of the Entomological Society of Ontario. In 1912 he took post graduate study at Oxford University in England, followed by some weeks of travel in Europe and North Africa.

After fourteen years of College work, as investigator and teacher, Prof. Jarvis decided on a change of occupation and in 1914 resigned from the O.A.C. staff to engage in fruit farming at Grimsby, Ontario. The following year, however, he was again drawn into scientific work when the International Nickel Company persuaded him to act as its consultant in plant pathology. A very large increase in nickel production for war purposes had resulted in a tremendous out-thrust of sulphur smoke at the smelters, and the litigation arising from alleged damage to vegetation in the Sudbury district threatened to cripple the output of nickel. The Company therefore needed a scientific consultant to investigate, and as far as possible differentiate between sulphur injury and natural injury from plant diseases, insects, etc. Prof. Jarvis undertook this work on a temporary basis but, in

1916 accepted a permanent appointment with the International and Mond Nickel Companies as Director of Research in plant pathology and sulphur damage appraisal. Soon a staff of experts in various fields was employed to investigate all factors which influence the incidence and severity of SO₂ injury to plant life—rate of diffusion of the gas, weather conditions, comparative susceptibility of all types of vegetation at various stages of growth, etc. Before long it became possible to chart with fair accuracy the SO₂ damage done on any day to crops on any farm or to any forest within a radius of fifteen miles from the nickel smelters. Professor Jarvis continued to direct this work for nine years but in 1925 owing to impaired health and a serious surgical operation he gave it up and returned to his fruit farm at Grimsby where, through the next five years, he gradually regained his health.

Professor Jarvis' important investigative work was not lost sight of, however, and when an Ontario Research Foundation was set up in 1930, he was asked by its chairman, Sir Joseph Flavelle, to join that organization and prepare a program of agricultural research for it. Close association with research scientists in a number of fields, and familiarity with their work, combined with practical experience as a fruit grower, had convinced him that average efficiency in crop production was not reflecting the achievements of scientific research. He attributed this lag to the lack of any plan or organization for co-ordinating the findings of all individual investigators, and of properly interpreting these to crop growers so that they in turn could utilize them to advantage in practical crop production.

His experience with the Nickel Companies had definitely indicated that such systematic co-ordination of research findings was not only needed but was entirely possible and practical. The program outlined by Prof. Jarvis, and adopted by the Research Foundation, was planned to bridge the gap between individual scientific workers and operating farmers. When the preliminary program was published in 1934 it was immediately commenced by leading Agricultural scientists in this and foreign countries. Prof. Jarvis continued his work in the development and application of this program until April 1943, when he reached the age of retirement. He is now living on his beloved fruit farm at Grimsby where he is applying his wide knowledge to its daily operations, and hopes to continue to do so as long as his health permits.

Lefroy Jarvis

The third of the Jarvis brothers to graduate from O.A.C. entered the course in 1910, Lefroy, however discontinued his studies after two years to engage in farming at Lynn Valley, Ontario, where he specialized in beekeeping. Then in 1916 he joined the agricultural staff of the International Nickel Co., at Sudbury, but, after four years there, returned to the O.A.C. to complete his studies for the B.S.A. degree.

After graduation in 1921 Lefroy was appointed to the staff of the Agriculture Department at the College where he continued as teacher and investigator for a number of years. Later he joined the F. W. Jones Company of Guelph, dealers in honey and beekeepers' supplies, but after a few years severed that connection and we understand that during the war he has been attached to the Allied War Supplies Corporation at 100 Adelaide Street West, in Toronto.

Jack Jarvis

The first member of the third generation of Jarvies to have connection with the O.A.C. is Jack Jarvis, son of Eric Jarvis, 1910-11, and grandson of L. G. Jarvis, first head of the O.A.C. Poultry Department.

Jack enrolled as a student in 1932 and graduated in 1936 after a successful course in Horticulture with special work in Landscape Gardening. From 1936 until war broke out he was employed by the Federal Parks Commission at Ottawa as a landscape specialist, but during the war years has been on leave of absence from the Dominion Government and engaged in war work with the White Aircraft Company in Hamilton.

Jack is a bright young man with plenty of time ahead to make as good a contribution to life as have his family predecessors. His father Eric Jarvis who was an O.A.C. student for only two years, has nevertheless maintained the Jarvis tradition by giving a good account of himself. He has for a long period of years held an important administrative position with the Canadian National Railways, but has evinced his continued interest in agriculture and the O.A.C. by sending a son and a daughter to the College at Guelph.

The College now awaits more Jarvies; perhaps more generations of Jarvies; and more of their like.

SPORTOLOGY

(By Bones Livingston, Sportologist)

NICE WORK BOYS—Individual record of players of the Kings during the six games series against Port Colborne and Paris Legion, shows that right winger Whitfield led the team in points, with six goals and eight assists. Wing-man Duffield led the team in actual goals scored with seven to his credit. Following is the standing as of March 20th.

	Games	G	A	Pts	P
Whitfield	6	6	14	4	2
Duffield	6	7	5	12	2
Clancy	6	5	7	12	8
Warner	6	5	4	10	7
Reid	6	5	2	7	20
(1 10 minute anti-conduct)					
Craig	6	4	2	6	4
Tallman	6	3	3	6	9
(1 5 min. major)					
Hann	6	3	1	4	6
Miller	6	1	1	2	24
Mason	4	1	1	1	2
Tufford	3				
Blanchard	3				
Rooker	1				
Total		40	34	74	75 min.

(Port Colborne Series)
Peach Kings—4 Port Colborne—2.
Peach Kings—7 Port Colborne—3.
Peach Kings—11 Port Colborne—4.
Grimsby wins series—three straight.

(Paris Legion Series)
Peach Kings—10 Paris—2.
Peach Kings—3 Paris—2.
Peach Kings—6 Paris—4.
Grimsby wins series, best two of three.

HISTORY IS REPEATING—Famous old PEACH KINGS went through their group without a defeat, the same as the present day edition have done. Of course 31 years ago, PUDDINGHEAD REID and his gallant crew did not have any round robin series to play like was done this year. In those days there was only one Intermediate series and group winners had to be declared by February 1st. In their group the KINGS had one tie game and two 30 minute overtime games. As a result of that tie game they had to play a second game with Port Colborne to win the group championship, otherwise the group was tied up. Those group games were as follows: Grimsby 5, Port Colborne 5, 30 minutes overtime; Grimsby 4, Welland 2, 30 minutes overtime; Grimsby 1, Niagara Falls 0; Grimsby 4, Dunnville 2; Grimsby 8, Welland 0; Grimsby 3, Niagara Falls 1; Grimsby 6, Dunnville 2; Grimsby 3, Port Colborne 0; Grimsby 5, Port Colborne 4, replayed game in Port Colborne. In that opening of the season 5-5 game in Port Colborne the team never took the ice until 10:30, owing to snow blocked roads and left the ice at 1:30 in the a.m. Playing with seven men against eight as UNCLE BILL HEWITT had held up SHORTY HORNE's card until January 16th. It was a hectic night. We got home at six o'clock in the dawning of New Year's Eve morning. We were well primed for the New Year's Eve celebration that was to follow. RUSHTON'S FLEET-WINGS of the current season have played 14 games in their group. They never lost a game but had two ties with Hagersville and one with Paris.

POOR OLD GAS HOUSE—Yup, yup, Hubba, Hibba. Two weeks ago GAS RAHN had the MEN'S BOWLING league championship in his hip pocket. Today HAMMY FOX has it tucked away in his pantaloons pocket. Last Monday night HAMMY and his GENERALS in the play-offs beat the GASSERS by 73 points in four games and came right back on Wednesday night and took them by 30 points in five games. Only 103 points difference in nine games. Fair kind of trundling. HONEY SHELTON who carried the GAS HOUSE through on Monday night blew up like a toy balloon on Wednesday night, but STAN GIBLING came to the front with a total score of 1248. Scores of Wednesday night's games were as follows:

Generals	1080	928	1180	957	937-5083
Gas House	901	1008	1156	902	1025-5062

FINAL GAME OF THE YEAR—On Saturday afternoon the swan song of the Grimsby Lion's Miniature National Hockey League will take place at the local ice palace. At 4 p.m. the Pittsburgh and Syracuse entries will tangle in the final game for the Minor championship and at the end of this battle the Maple Leafs under the captaincy of Richard Dousette and the Canadians under the captaincy of Donald Rooker will settle the question of the Championship in the Major series. Since early in December last, over one hundred and sixty kiddies have been enjoying hockey under ideal conditions thanks to the interest of the Local Lion's Club. From moppets who were barely able to skate up to boys who will have little trouble in making a good Midget next year, each and everyone of the registered players has been given the opportunity of taking an active part in Canada's National Winter Pastime. A great deal of the credit for the success of this League must go to Mr. Ken Griffith of the local public school who has given most generously of his time and talents in every way to help the League. Also Mr. Cecil Bell is more than deserving of a hearty vote of thanks for his active interest manifested by his attendance each and every Saturday morning at the Arena and his carefulness in handling the paper work under cold conditions. Thus we bring down the curtain on a real effort—the type that most certainly is instrumental in preventing juvenile delinquency and the type that is a real credit to the Lion's Club. Although we are about nine months away from the next hockey season, still, ideas for the improvement of the League for next year are already under discussion and it is hoped that the new league will operate on a weight basis to the players of the various teams.

Grimsby Men's Bowling League

Grimsby Men's Bowling league is now playing a round robin series of five games for the big dough. The teams have been drawn and grouped as follows. The schedule of play appears in another column.

GROUP A
Owl's Club, Monarchs, St. Andrew's, Barbers, Butchers, Pirates, Generals, Pin Twisters, Black Cats, Wonders, Gas House, Hep Cats.

GROUP B
Legion, Nail Punchers, Boulevard, West End, Legionnaires, Iron Dukes, You Dee Ella, Firemen, Counter Hoppers, Sheet Metal, Pony Express, Peach Kings.

Schedule Finished

The final game of the regular schedule of the Fruit Belt League was played last Thursday night at

"GOOD ICE IN ANY WEATHER"

GRIMSBY ARENA

ARTIFICIAL ICE CUSHION
LIVINGSTON AVE. — GRIMSBY, ONT.

SKATING SATURDAY NITE

Arena Closes Saturday Night

the rink, with the outcome meaning absolutely nothing to either team. And the action during the fray did not belie this fact. It was pretty lousy. But it was the best sample of shanny that we have witnessed this year. Beamsville and Fulton each picked up their one and only goal in the second period, and the only action from there on in was a lot of whistle blowing, blown in an admirable fashion by the officials Father B. A. O'Donnell and Red Mason.

Fruit Belt Games

Opening night of the playoffs of the Fruit Belt League, saw the first game go to Stop 66 with Beamsville giving them a stiff battle all the way. The game was augmented by several brief skirmishes, with Dag Lucy ably assist-

ed by his pop, battled it out with Broughton of the 69 crew. The game was the best of the two, as far as fans were concerned, and Beamsville can blame their four to two lacing on their defense, which was like water only more so. More so that is. "Dutch" Konkile and Doug Shepherd picked up Beamsville's two goals. Cooper and Hogarth scored two a piece for the Stoppers. Lucy with three penalties headed the criminal list, while Oustrasser, Broughton, J. Baldwin and Fillmehuk ran him a close second.

Grimsby Legion lost out to Stoney Creek, two to one, and Stoney Creek deserved their victory as the Legion boys played a grim type of shanny, with Winter's and Gordie Buchan the only spark in the Grimsby life-line.

Troup counted both Creek goals, with Holynsky scoring for the Le-

gion on a rebound from Winter's mad rush.

Newly appointed Constable Lee Lucy caught the nod of the refs for the only Grimsby penalty, while Troup and Nash got the gate for Stoney Creek.

The series will continued Thursday night, goals to count on the two game series.

Returns Home

Mr. Jack Pettit, Oshawa, spent the week-end with his mother Mrs. O. M. Pettit, Ontario St.

John and Mrs. Merritt have returned after spending a very enjoyable month in Miami and St. Petersburg, Florida.

Mr. and Mrs. Wm. Brown and son John of Huntsville, have been the guests of James and Mrs. Dunham for the past week.

Albert E. Cole celebrated his 90th birthday on Tuesday and was entertained at a birthday party by his family and friends at the home of his son. Congratulations.

Mrs. Louise Morrison, for the past two years office manager for The Independent has severed her connection with that firm. She is succeeded by Miss Phyllis Dunham for the past several years with Dr. Brownlee.

Convened by Mrs. John Chambers, who was assisted by Mrs. P. V. Smith, Mrs. F. J. Burton and Mrs. William Lothian, a successful bake sale was held on Saturday morning by the W.A. of St. Andrew's Anglican Church.

Open house was held by Mr. and Mrs. Bruce Geddes and Mr. and Mrs. George Geddes, in honour of the 90th birthday of their father Mr. Wm. F. Geddes, at The Stone House on March 17th—many relatives and friends were present.

Card of Thanks

Mr. J. K. Harstone and Miss Dorothy Harstone wish to thank their many friends for the assistance and kind expressions of sympathy during their recent bereavement, the loss of their mother.

May I take the pleasure to thank my friends and neighbours for their letters and cards while I was ill, and also the children of Robinson St. S.

Mrs. A. Cloughley (Aunt Minnie)

Brownies

At the March 11th meeting knot tying occupied the early concert. After the regular opening, roll call and collection of fairy gold, Brownies working on Golden Bar had another try at hammering which seems very hard for little folk to master. Brownies working on Golden Hand had signalling and skipping tests, some of which sound very easy but not so when actually tried, as some found.

A couple of games, a dance, some songs and regular closing brought the meeting to an end. Brownies meet March 26th, High School Auditorium at 4 o'clock.

Enjoyable Affair

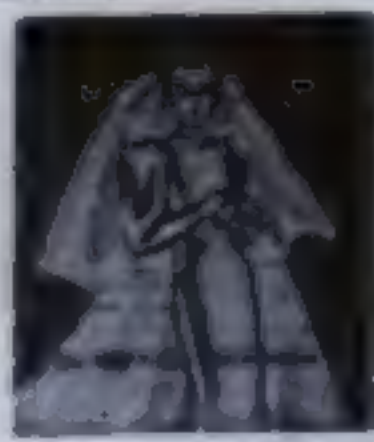

An enjoyable St. Patrick's dance was held on Friday night in the Oak Room, in the Village Inn, under the auspices of St. Joseph's Church.

Miss Peggy O'Neil, hostess and convener of the dance, was assisted by the following committee: Misses Kay Pyndyk, Mary Gordon, Stella Konopski, Louise Dunn, Betty Hand, and Messrs. Fred Case, Jack Hewitt, Frank McPhail, Walter Phipps, John Voogts, George Wislenski and Eugene Gordon.

Mr. William Howson was master of ceremonies and Stan's orchestra, of Hamilton, supplied the music for dancing. Miss O'Neil sang two Irish numbers, and was presented by her committee with a bouquet of green carnations.

The prize-winners were: Miss Olga Merritt, Miss Mary Gordon, Mrs. Herbert Jarvis, Mrs. Norman Cole, Mrs. M. A. Johnson, Mrs. Livingstone Foster and Mrs. William Full.

A dainty buffet luncheon was served with the tables being decorated with green candles and green carnations.

Nuptials

LUET-DUFFIELD

The wedding was solemnized quietly on Saturday afternoon, at 3 o'clock, in the manse of St. John's Presbyterian Church, Grimsby, of Phyllis Isobel, daughter of Mr. R. C. Duffield and the late Mrs. Lyle DeLoe Luet, son of Mrs. Luet and the late Mr. Charles Luet, of Grimsby. Rev. Francis McAvoy officiated.

Given in marriage by her father the bride wore a pale blue dress-maker suit of gabardine, with navy accessories, and a corsage of red roses. Mrs. Arthur Luet, sister-in-law of the groom, in a pale blue crepe dress, navy accessories and a corsage of pink roses, was matron of honour. Mr. Leslie Luet, twin brother of the groom, was best man.

The mother of the groom wore navy blue crepe with a corsage of carnations. Following a reception at The Pines for the immediate family, the couple left for a trip to Northern Ontario, the bride wearing a brown coat over her wedding suit. They will reside in Grimsby.

The groom was one of four brothers serving overseas, and with his twin brother was taken prisoner while fighting with the R.H.I.A. at Dieppe, being held in prison camps until the war ended.

Old Dobbin had his fault but he never had to be pushed off on a cold morning in order to get going.

St. John's L. A.

The Ladies' Aid of the St. John's Presbyterian Church met at the home of Mrs. J. Dick, Livingston Ave., on Thursday, 7th of March. The President being absent Mrs. Morris took the chair and gave a brief talk on, The World of Christ. Mrs. A. Stevenson read a poem on The Ladies' Aid Work. Mrs. J. Dick read a paper on topics of the day. A dainty lunch was served and a social hour was spent which was enjoyed by all present.

I.O.D.E.

The 21st birthday party of Lincoln Loyalist Chapter, I.O.D.E., was held Monday afternoon at the Village Inn.

Assisting Mrs. E. A. Buchanan, the regent, in receiving, were Mrs. R. N. Wolfenden and Mrs. L. A. Brumley. More than 75 guests attended the tea, these from out of town including Mrs. Lionel H. Miller, of Port Nelson, and Mrs. W. J. McCoy, of Toronto, both of whom spoke.

Representatives from Lena Davis Chapter, I.O.D.E., of Beamsville, and local women's organizations were also present. Miss Joan Eaton and Stephen Hooper contributed piano solos.

In appreciation of her work as treasurer of the local chapter, Mrs. Brock Snyder was presented with a plant by Miss Eva Cline.

Mrs. P. V. Smith, convener of the tea, was assisted by Mrs. A. V. Cutton and Mrs. Fred Jewson, who poured tea, and by Messdames A. W. Mason, Fred Marsh, R. E. Devine and Miss Ann Crane and Miss Eva Cline.

Women's Institute

The March meeting of the Women's Institute was held at the home of Mrs. Roy St. John, Robinson St. South, on Tuesday evening.

The roll call was Musical Education, "name a composer and something of his life".

Mrs. Wm. Layton, President, gave a report on the Health Demonstration held in Beamsville by Miss Hamilton of Toronto.

Mrs. E. Sutherland reported for sick committee.

Mrs. E. Kemp and Mrs. G. G. Graham volunteered their services for the April Clinic.

Mrs. L. E. Larsen sang, "Whispering Hope", accompanied by Mrs. D. McIntosh.

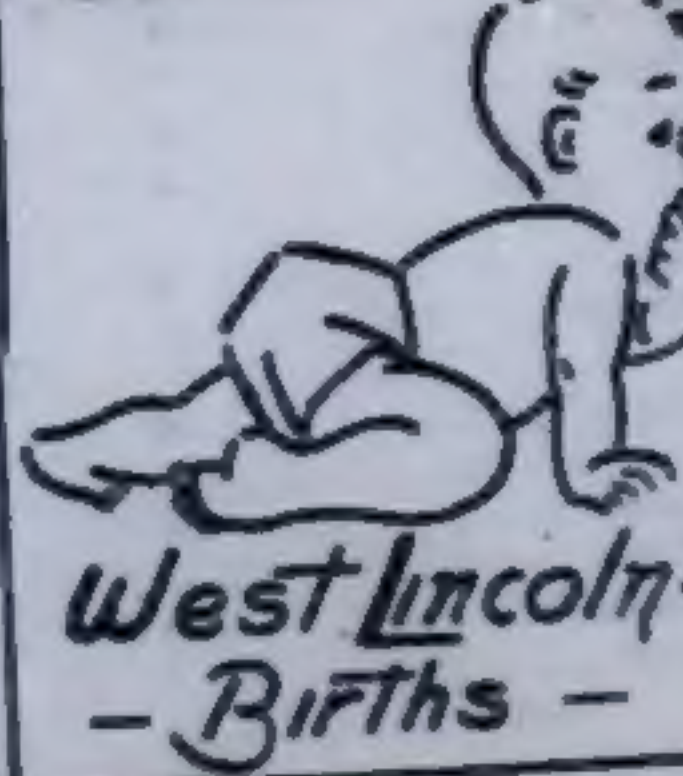

A Penny Sale was planned for March 28th to be held at Mrs. C. A. Marshall's home. Mrs. R. Neale to be convener, Mrs. L. E. Larsen and Mrs. G. G. Graham on the committee.

Mrs. E. A. Brooks was the special speaker of the evening. Her address being on hymns and their relationship to sermons, and for suitable services. Mrs. Wm. Layton demonstrating some of these for Mrs. Brooks by singing, "When I Survey the Wondrous Cross", "Hail Glorious Light" and "Father We Praise Thee". Mrs. A. Cutton expressed the thanks and appreciation of the members for Mrs. Brooks' most interesting and educational address.

The social committee, Mrs. Wm. Sangster and Mrs. C. A. Marshall served a dainty lunch.

Mrs. E. Kemp won the prize for the draw which was half a dozen

Welcome

West Lincoln Births

March 14th—To John and Mrs. Kraucher, Beamsville, a daughter.

March 17th—To John and Mrs. Taylor, Beamsville, a son.

March 18th—To Lorne and Mrs. Kimer, Beamsville, a daughter.

glass tumblers, donated by Mrs. G. Warner.

The next meeting will be at the home of Mrs. E. Wilson, John St., and will be Past Presidents' and Grandmothers' Day. Old time relics will be displayed.

Grand Concert By Trinity Choir

Trinity United Church Choir, under the direction of Donald Kennedy, (Joanne Eaton, assisting pianist), will present a concert of vocal and instrumental music tomorrow evening, Friday, March 22nd, at Trinity Hall. The proceeds will be in aid of the Choir Fund.

The programme will open with a group of sacred selections by the Choir, "Jesu, Joy of Man's Desiring" (Bach), "Saviour Thy Children Keep" (Sullivan), "Bless This House" (Halsey).

Following this, Miss Doris Mountain of Hamilton, Guest Soprano, will sing Schubert's "Ave Maria", Frank's "O Lord Most Holy", and Mozart's "Alleluja".

Donald Kennedy will then give a series of piano selections by Bach, "Sheep May Safely Graze", "Mortify Us By Thy Grace", and "Bourree in E Minor".

In part two, the programme will turn from sacred to secular music, including three selections from "The Mikado" by Gilbert and Sullivan as follows: "The Willow Song" sung by Jack Ansell, tenor. "Three Little Maids from School" by Isabelle Pickett, Lois Rahn, and Joanne Eaton, and "Brightly Dawns Our Wedding Day" by the Choir.

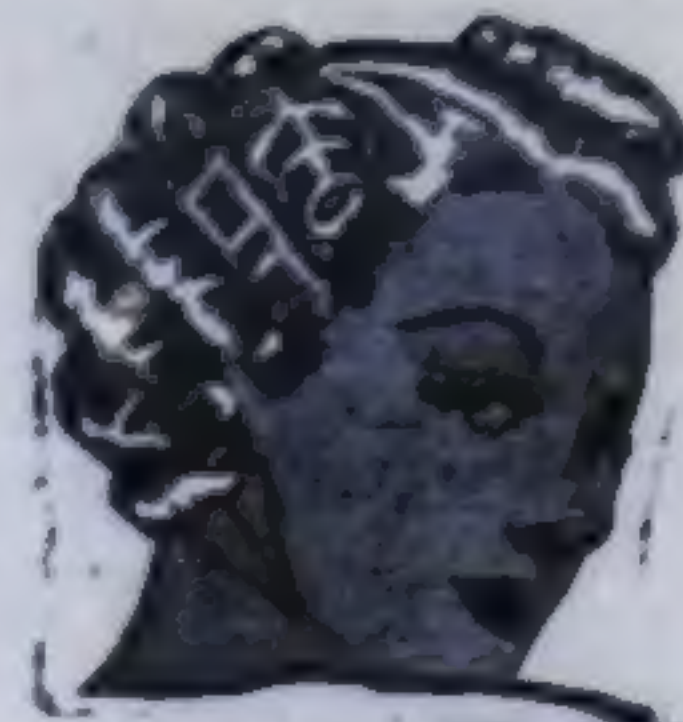

Miss Gretchen Liebmann of Hamilton, Guest Artist, will then render two violin solos, "Gavotte" by Gounod and "Air for O String" by Bach.

This will be followed by Miss Mountain singing Quilter's "Now Sleeps the Crimson Petal", and Gruig's "Solweig's Song".

The Choir will then sing the English Folk song "Early One Morning", and "I Dream of Jeanie" by Stephen Foster.

Part Three will commence with

Engagement

Col. and Mrs. W. W. Johnson announce the engagement of their daughter Betty Rhyll to L.A.C. A. Norman, son of Mr. George Lant, Grimsby, and the late Mrs. Lant. Wedding to take place late in April.

Mr. John Mines, 454 Logan Ave. Toronto, announces the engagement of his daughter Lillian to Mr. Lloyd Wade, second eldest son of Mr. and Mrs. John Wade, 205 Main St. West. Wedding to take place May 24. Engagement was announced at the celebration of the 50th wedding anniversary of Mr. and Mrs. Wm. Wade, 50 Queen St. West, Grimsby, Ont., grandparents of Lloyd Wade.

Births

St. Joseph Hospital, London, February 27th, to Capt. (Dr.) J. O. and Mrs. Merritt, a son John Richard (Ricky).

Even a political machine includes men with a few loose screws in the head.

In Memoriam

GESINGER—In loving memory of Joseph Gesinger who died March 22nd, 1943. Sweet memories will linger forever. Time cannot change them. His true: Years that may come cannot sever Our loving remembrance of you. Ever remembered by his wife and son.

MRS. MARY MORRIS—In loving memory of a wonderful Mother who passed away March 20th, 1944. We miss you, Mother, when we need a friend. On you we always could depend; We miss your smile and loving ways. With you we spent our happiest days. We have lost, but heaven has gained. One of the best Mothers this world contained. Ever remembered by daughter Mary, son-in-law John and Bobby.

MRS. MARY MORRIS—In loving memory of a wonderful Wife who passed away March 20, 1944. No one knows how much I miss you. No one knows the bitter pain I have suffered—since I lost you. Life has never been the same. In my heart your memory lingers. Sweetly tender, fond and true; There is not a day, dear wife, That I do not think of you. Ever remembered by husband Bob.

FAIR—In loving memory of a dear Mother and Wife who passed away on March 25th, 1943. We mourn for her, our dear love. For one we could not save. Beloved in life and mourned in death. Remembered in the grave. Father, Colbourne, Harry, Lloyd and Winnona.

FAIR—In loving memory of our mother, who had been three years ago to-day, March 25, 1943. Gone is the face we loved so dear. Silent is the voice we loved to hear. Too far away for sight or speech. But not too far for thought to reach. Sweet to remember her who once was here. And who, though absent, is just as dear. —Lovingly remembered by Ella and Lloyd.

Coming Events

Baking Sale to be held Saturday, March 23, at the Gas Office by the St. Andrew's Sunday School, money received by all donations will be returned to the children for Lent boxes.

The Alexina Rebecca Lodge No. 367 are holding a Bridge and Euchre in the Masonic Hall on Tuesday, March 20th, at 8.30, admission 25 cents, prizes and refreshments.

Vinemount News

Congratulations and many happy returns of the 19th of March, from friends and neighbours of Mr. W. H. Vanduzer, Ridge Road, who is celebrating his 87th Birthday.

The Teen-age party sponsored by the Vinemount Women's Institute was well patronized on Saturday night, with Mr. Stuart Jeffries in charge of games etc. Mr. and Mrs. Adam Reid, Mrs. George Giddon and Mr. Reg. Walker were present.

The March meeting of the Rock Chapel W.M.S. was held at the home of Mrs. W. H. Brand, Ridge Road, the president, Miss Dorothy Bowlsong presided at the business session. Miss Florence Hawkey was in charge of the Mission Topic assisted by Mrs. John Bowlsong, Mrs. G. Walker, Mrs. W. Brand and Mrs. John Larmon. Little Sylvia Jeffries sang a solo.

A concert and play under auspices of the Vinemount Women's Institute was held in the W.I. Hall Friday, March 15th. The following artists rendered vocal and musical selections: Norma Ratier, Hamilton, Mr. Sydney Jones, Winona, Miss Beverly Thede, Smithville, Don Guardham, Grimsby, Sammy Pratt, Stony Creek, Dorothy Kinch Vinemount. Tap Dancing Little Shirley Stewart, accompanied by her teacher Dorothy Hurst, both of Hamilton. Other accompanists, Mrs. Guardham, Grimsby, and Mrs. G. Giddon. A one act play entitled "A Ghostly Evening", directed by Mr. Stuart Jeffries was well portrayed by the following: Mr. and Mrs. Stewart Jeffries, Mrs. Albert Oldfield, Mrs. Edna Carlton, Misses Marguerite Cleary, Elva Etherington, Frank Kirps, Clara Brand, Chairman Reeve Wm. Milmine, Stony Creek.

Cubbing

An investiture ceremony was the highlight of last Friday's opening circle, Allan Young, who had been trained in the ways of the Tenderpad by his brother David was accepted into the life of the Pack and was placed in the Gray Six.

A surprise inspection of uniform and neckerchiefs were found to be unfolded. Sins are checked. The proper folding for next week's meeting.

During the period of Sister's instruction one Sixer had his group so interested in some new knots that they worked right on into the game period. That Sixer is certainly doing a grand job with his gang.

Relay races combining some mat-work with running obstacles gave the White Six a chance to show their heels to the rest.

A camp fire game of Pat and Mike closed the activity for the evening.

Criminal Code Is Clear On Bingo

Crown attorneys, chief constables, newspaper editors and senior municipal office holders this week received copies of the clarification of the law governing bingos, lotteries and raffles as outlined by Attorney-General Leslie Blackwell in the Ontario Legislature last week.

The circular statement reiterated that the law is contained in the Criminal Code and that "a municipal council or municipal official is entirely without authority to grant authority for the holding of bingos, raffles or lotteries."

Trinity United Church Choir Concert

Friday, Mar. 22nd 8.15 p.m., in TRINITY HALL. Program to consist of both sacred and secular music. Guest artists will be Miss Doria Mountain, Soprano, and Miss Gretchen Liebmann, Violinist, both of Hamilton.

Around The GRIMSBY High School

JANIE Since the Dunnville basketball teams were unable to come here last week, the Junior and Senior boys and girls played each other the games being followed by a tasty lunch and short dance.

The Junior boys began strongly with a six point lead, but the seniors caught up, and once ahead they stayed there. The final score was 20-21 for the seniors. The Junior girls won by a two point lead, 13-11, but the playing was fairly even all the time. The Juniors, of course, are pretty proud of themselves.

The Inspector of Guidance Mr. McIntyre, also Inspector Captain Bartlett and Miss Sectors visited the school this week.

WELL, WHAT DO YOU KNOW? One G.H.S.'er was so in the blues last week that even the teacher's noticed it. But not so now, a girl can certainly change a boy's outlook—for everything's O.K. again! Then there is another fellow who collects pictures of red-heads but dances with brunettes.

Some of the girls have got into the travelling mood lately, Toronto, Beamsville and the Falls being a few of their ports. There is a loyal fifth former, though, who stays home and entertains ex-O.H.S. students over the week-end! Some people never forget a face especially if it is a referee's—such is the case of four "juvenile delinquents" of our school, when they saw the ref of their basketball game at Dundas in town.

Who is the girl who promptly falls down at the Arena when she hears the roll of drums?

Both Junior and Senior girls won decisive victories over B.V.I.S. on Tuesday afternoon in basketball. The Beamsville girls tried hard but G.H.S. fought back harder. Bernice Byford scored a total of 10 points for the Juniors, Hilda Maclean (6), Sylvia Graham (6), Jean Durham (2), Mary Shuwers (2). Jean Blackmore scored Beamsville's 4 points. The final score was 26-4. The Senior's scorers were Joyce Marlow with 16 points, Muriel Grace (12), Hilda Maclean (4), Bernice Byford (4). Betty Honeberger scored 14 points and Toshiko Oikawa (2) for Beamsville. The final score was 36-16.

An expert witness is one who can lie without being trapped.

BEAMSVILLE NEWS

Will Strike Rate

A meeting of Beamsville Council this Friday night will deal with the striking of the estimate for 1946, and it is also likely that something definite will be done, with regard to the proposed fire hall.

Two separate plans have been submitted to the Fire Committee, for the proposed structure, and these plans will likely be submitted to Council for their inspection and approval. Size, cost and other data will also be decided.

Start Work on New Theatre

Excavation began Tuesday afternoon for the Beam Theatre. Arch Roland and his County crew arrived to start work on the structure that will be the last word in theatre construction.

The building which will measure forty by one hundred and twenty-five feet, will have a seating capacity of four hundred and thirty, and will feature such modern advancements as air-conditioning, the latest in screen and sound apparatus, and in fact will compare with the latest in theatres, on a miniature scale.

A government permit has been granted, and it is expected that the building of the theatre will now go ahead as scheduled.

Will Improve Beamsville Fair

Plans are definitely under way to enlarge and build up the famous Beamsville Fall Fair. Whether or not it will be the Lincoln County Fair, is a matter that will not be ascertained until certain obstacles have been overcome. However nothing can stop the building up of this annual attraction into a two day fair, on a scale surpassing anything in the past.

The Beamsville site is without a doubt the best set up of any municipality in Lincoln, including the Smithville effort, which is maintained by a group of die-hard, who want something in Smithville, regardless of how meagre the effort is behind it.

President Merrill Thompson of the Agriculture Society announces that even this year, the Beamsville Fair will be vastly improved. Among changes and improvements to be made, is the erection of a new fence about the spacious property, and the repairing of the grandstand.

Women's Institute

The regular monthly meeting of the Women's Institute was held in the kitchenette on Tuesday afternoon, March 19th, with the President in the chair.

Mrs. G. Philip gave a report on the entertainment, for the Boys and Girls to be held sometime in May.

It was decided to support the V.N.O. nursing service in any way we can be of service.

A card party will be held in the Community Hall on Friday Night, March 22, Mrs. J. Terryberry and Mrs. R. Juhls as convener.

This was our grandmothers' meeting, of which Mrs. David Stevens was convener, and a meeting which is much looked forward to. Mrs. Geo. Shepherd and Mrs. Roy Van Dyke rendered two very lovely solos, accompanied by Mrs. L. Stallwood, at the piano.

Prizes were presented to the Oldest Grandmothers that were present, Mrs. Porteous, Mrs. Robt. Lister. For the most Grandchildren, Mrs. W. Southward. For the least Grandchildren, Mrs. J. A. Sinclair and Mrs. R. A. Saunders. Most recent Grandmother, Mrs. Gordon Philip.

Community singing was enjoyed, following which Mrs. Fred Jeffrey moved a vote of thanks to all those taking part, and to Mrs. Stevens the convener. The meeting was closed with the singing of the National Anthem, following which afternoon tea was served by the hostesses Mrs. Fred Jeffrey, Mrs. F. Fester, Mrs. J. Trevelyn and Mrs. David Stevens.

Beamsville Girls Bowling League

In the semi-finals of the Beamsville Bowling League, Aces who led the field practically all year easily eliminated the Happy Gang by nearly two hundred and eighty-four pins. The Lawn Bowlers upset the second place Spitfires, the Bowlers winning by over two hundred pins. Next Wednesday the Aces will meet the Lawn Bowlers in the final round for the championship of the Ladies League.

Scores for the semi-finals were:
Aces — 233 879-1713
Happy Gang — 713 716-1428
Spitfires — 623 615-1238
Lawn Bowlers — 654 794-1432

Stuff 'Round Town

by GORD MCGREGOR

The summer-like weather during the past week hit the maple syrup industry as hard, that at present there is practically nothing doing, in these parts at least.

Ernest Tucker and I.W. Boughner were prepared to go full blast, but the lack of frost put a stop to any great quantity of syrup being made.

Although it takes two valuable sugar coupons to secure a gallon of the precious liquid, Tucker's report that they had scores of orders, but will be unable to fill half of them. When we found out how much cord wood is used in the manufacture of the sweet stuff, we gave up any idea of tapping our one maple. Seems as how there's a catch to everything.

Bob Kennedy informs the Independent that his daffodils are now in bloom, which should establish another record for the month of March 1946.

It never fails. Big crowds are spending the lovely sunny days, watching Archie Roland and his crew excavate for the Beam theatre. Mayhap someone should build a special platform with lots of easy chairs, as did old John D. Rockefeller for New York lobbyists when one of his sky scrapers was being built. Course this theatre isn't going to be any sky scraper, but it will be a million times more important to Beamsville-Clinton residents.

The Old Boy's Reunion set-up is still very vague. We even have reliable reports that the whole thing will never see the light of day, this year anyway.

It didn't take long for the newly erected public telephone, situated on Ontario Street to get the works from thieves. Last Friday night the cash box was pried from the set by three persons. A partial description has been given to the police, and it is quite possible that the guilty parties will be apprehended shortly.

Chief Masley also stated that a good lead has arisen with regard to the recent Huntsman robbery, and that some of the goods believed to be part of the loot from the Beamsville store has been located.

Dairy Business Changes Hands

After twenty-four years of service to Beamsville householders, McBride's Dairy ceased to function starting last Monday morning, when the Beamsville Dairy took over the McBride route.

The founder, the late J. W. McBride first entered the dairy business over two decades ago, and following his passing, it was managed by Mrs. A. McBride and the three sons, George, Ralph and Walter.

Merrill Thompson owner of the Beamsville Dairy, purchased the dairy equipment and the route, and started serving the McBride customers this week.

Maple Grove

Maple Grove School was the scene of another successful euchre party, Tuesday night, when residents of the Beamsville district filled sixteen tables for another progressive euchre, which has really hit its stride this past winter.

Winners declared at the end of play were:

Ladies high—Lillian Warner.
Ladies low—Mrs. E. R. Snellgrove.

Men's high—J. McLean.
Men's low—Arian Juhls.

A birthday prize was awarded to Mrs. Earl Walters who celebrated her birthday on Tuesday.

Prizes were donated by Bob Kennedy of Beamsville, which was much appreciated by the members of the school board. A tasty lunch was served to conclude the party.

Red Cross

Considerable work was done, by way of collecting articles to be sent to Red Cross Headquarters by the first of April, by the ladies of the Thirty District, under the supervision of Mrs. A. Levi. The workers met at the home of Mrs. Hugh Porter last Friday afternoon, and a quantity of articles were completed during the session.

Concert Features Local Talent

Plans are being completed for a concert, which is to be held in the Community Hall, Beamsville, on April the third.

The big feature of the concert, is the fact that the whole venture features local talent, of which there is an abundance in this community.

The concert, which is a project of the Beamsville Branch Auxiliary of the West Lincoln Memorial Hospital, will headline such musical organizations as the Beamsville Trio, children's choruses from the Beamsville Public School, and the musical festival winning chorus from the Thirty Public School, under the capable leadership of Mr. Elwood Comfort.

The Grob School Suite band, which made such a hit at the Christmas Concert last year will also entertain.

A very special feature of the program will be the Ukrainian Costume Dance, which have proved to be in great demand of late.

Three musical organizations will take part in the program, the Beamsville Citizens' Band, Bill West and His Buddies will take part, as will the West Lincoln Concert Orchestra. Additional acts are to be added, which should make this concert one of the highlights of the 1946 entertainment field in Beamsville.

An all day quilting session was held under the auspices of the I.O.O.F. last Wednesday afternoon, at the residence of Mrs. Fred Longwell.

Four quilts were turned out by the industrious workers of the Thirty district. The finished work is for Polish relief, where articles of clothing and bedding is extremely acute.

Work is progressing on the Bousfield building on King Street East. A modern store when completed will display to advantage all types of electrical equipment.

RENEWAL OF UNEMPLOYMENT INSURANCE BOOKS

To All Employers:

All Unemployment Insurance Books for the year ending March 31st, 1946, must be exchanged for new books.

New Insurance Books for the fiscal year 1946-47 will be exchanged by the Local National Employment Office in your area for expired Insurance Books upon completion of the second last page in the expired books.

Protect the benefit rights of your employees by sending in their expired books properly completed on March 31st.

There are severe penalties for failing to make Unemployment Insurance contributions for your insured employees and for failure to renew the Insurance Books as required.

NEW FORDS

The first new 1946 Ford cars are due to arrive in town this week and will be on display in our showrooms on—

SATURDAY, MARCH 23rd

We won't attempt to detail the many outstanding features of the new cars here. Sufficient to say that they incorporate the many improvements developed by Ford of Canada in the production of over 400,000 military vehicles for use in every theatre of war. In fact, there are more mechanical and design advancements in the new 1946 Ford models than has occurred in any new Ford car since the introduction of the V-8 in 1932.

May we look forward to showing you these cars next Saturday—or at your earliest convenience thereafter?

Yours for service,

"Boy—
am i glad
I saw my
Bank Manager!"

"Betty and I were worried... we were used to invest our savings, including my service gratuities, in what we thought might be a good business proposition. My bank manager showed me why it wasn't so good... maybe saved us from losing all we have!"

If you are an ex-serviceman, getting re-established in civilian life you will find your local Bank Manager a useful man to consult.

He is familiar with local business conditions and opportunities; he is glad to give helpful information to any veteran who comes to see him.

He knows the hopes and fears, joys and worries of small business men, wage-earners and salaried workers, because he has been talking to them over many years—considering their problems, lending them money, rendering them service in many ways. He'll be glad to do the same for you.

Why not talk to him at the first opportunity? Veterans all over Canada are saying: "Boy—am i glad I saw my Bank Manager!"

MANY ENTRIES
my words of praise for this delicious food is not necessary. However, what we wish to do is show, not how good it is, but how well it is prepared, and the effort that goes into the processing of chickens.

There are about three plants in Ontario that process chicken, and when the poultry is available the Bartlett plant will be the largest of the bunch.

It is strange to think of chicken being processed on an assembly line basis, but that is exactly what happens. Poultry arrives at the plant in a frozen state, boxed twelve to a box. And immediately they are placed in a defrosting tank. Ice cold water that is circulated constantly does the job in about ten hours. The tank holding fifteen hundred birds.

Upon their removal from the tank the eviscerating line swings into action. This line consisting of a series of frames placed fifteen inches apart, and on which the chicken is placed on individual frames. Seventeen men have a job to do, such as singeing and removal of entrails. At the completion of this operation, the birds are flushed out with water under high pressure. They are then placed in perforated steel baskets, which are handled by electric hoists, and placed in stainless steel steam jacket kettles. One hundred and seventy-five birds are processed at one time, and the cooking operation takes one and three quarter hours at a temperature of 212 degrees.

Now that the poultry is partially cooked, the birds are dropped down a stainless steel chute to the boning table, where sixty women, dressed in immaculate white uniforms strip the meat from the carcasses. At the end of this line the flaked meat is packed in seven ounce tins, with three and a half oz. of poultry meat, half white and half dark, three and a half ounces of carragar jelly is added. When the can is capped, it is cooked for another fifty-five minutes, at 250 degrees and under fifteen pounds pressure. This to properly sterilize the contents.

By-products of chicken processing include a chicken sandwich spread, consisting of giblets and a portion of skin, to which is added concentrated chicken broth and seasoning. Chicken noodle soup is another product. It is prepared from concentrated broth, to which is added chicken meat and egg noodles.

Thirteen to fifteen thousand cans are produced every twenty-four hours, which is a lot of chicken. What struck our fancy particularly were the rigid rules and ideal sanitary conditions that exist at the Bartlett plant.

The personnel of the plant now stands at about one hundred. There are eight working on the night shift, and ninety two on the day shift.

Wandering about the plant we ventured into the boiler room, which was as neat and tidy as the average household kitchen. We found that this department is in Hugh Campbell's pride and joy, and his night time assistant George Armstrong is just as fussy about their department as is Mr. Campbell.

The new boning room is really something, with its white plastered enameled walls, and newly installed fluorescent lighting system, which is a job of Ted Potter and his crew of electrical technicians. A new ten ton refrigerator is nearing completion, and will be used to store various perishable articles.

Mr. Bartlett let us in on his plans for the future and we certainly wish him every success in his endeavours. The community can stand lots more of this progressive development, to make this neck of the woods not only the best fruit country in the world, but also a famous manufacturing centre of products raised and grown here.

Appointments

At a meeting of the General Administration Committee of the Lincoln County Council held last Friday night, under the chairmanship of Reeve Roy A. Saunders, of Beamsville, two applicants were selected for the position of maintenance men at the county building in St. Catharines.

Some 150 applications were originally received and dealt with during the past two weeks. The two men selected for the positions are Jas. W. Brownlee, of Pt. Dalhousie, and William H. Webber, of Merriton.

Some discussion took place during the meeting regarding the maintenance needed at the county building and registry office.

One-half of the world nowadays wonders if they will be able to get a new model any time soon.

Despite the shortage of nurses, many a man is willing to continue to nurse a grudge.

CANNING MILLION
her tuition, she then became a member of the Player's Guild in Hamilton, and was an active member for some five or six years.

The adjudicators for the strictly musical sections of the Festival are also well known and outstanding men and women of the Province in the persons of G. D. Atkinson, who is a member of the faculty of the Toronto Conservatory of Music, who will adjudicate the Piano numbers; Dalton McLaughlin, also of the faculty of the Toronto Conservatory of Music, who will take charge of the Vocal Section; Alfred Spouse, Director of Music in the schools of Rochester, N.Y., and Past President of the Music Educators' National Conference, will adjudicate all of the entries from the schools of the city and district; Kathleen Farlow is the adjudicator for the Viola numbers and is a Director of the Farlow String Quartette and one of the World's outstanding women concert Violinists. Miss Farlow is at present a member of the faculty of the Toronto Conservatory of Music and is well known as a teacher and examiner.

With such excellent adjudicators the contestants for this year's Musical Festival can be assured of fair treatment and excellent adjudication which is of great importance to them in their musical activities.

**Caistor Mud Was
Much Too Deep**

The special road committee of the Lincoln County Council made a comprehensive tour of the county last Wednesday conducting a survey of the county road system.

Particular attention was paid to the various sections of road in the various townships which have been proposed for addition to the county system.

However, in Caistor Township the committee members were stopped in their tracks when the roads in question were in such bad shape that no attempt was made to traverse them.

Recommendations of the committee will be made to the council when it meets in session this week.

The committee was comprised of Warden Robt. Johnston, Reeve Cecil Secord of Grantham, Reeve Len Hoare, of Merriton, Reeve C. W. Durham of North Grimsby, Reeve W. E. Heslip of Gainsboro and Reeve George Montgomery of Clinton. They were accompanied by County Engineer F. E. Weir, H. T. Eaton, District Municipal Engineer of the Ontario Department of Highways and Clerk W. H. Millward.

**Jobs Follow
Organization**

But Employers and Workers Must Assist

During the war organization of manpower was made possible through co-operation of employers and workers.

This co-operation is no less necessary to assist in organizing the employment market during the present critical period.

Some manpower controls still remain. These are still law. They are aimed at assisting in organizing the employment market.

Remaining controls are designed to help employers and workers—and actually require only minor assistance from the public.

YOU ARE URGED TO COMPLY WITH THE FOUR CONTROLS WHICH REMAIN:

- 1—Employers MUST notify the National Employment Office of any need for workers, as soon as that need is known.
- 2—Where employers engage workers outside the National Employment Service they MUST notify the nearest NES Office within three days, that an employee has been engaged. (Form NSS 312 is provided for this purpose.)
- 3—Unemployed workers seeking employment MUST register with the National Employment Office if unemployed for seven consecutive days.
- 4—Generally speaking, any employer or employee MUST give seven days' notice to the other party of any intention to terminate employment. (Form NSS 120 is still required.) Exceptions may be learned from the nearest NES Office.

The partners to industry—employers and employees—should help the National Employment Service to promote a high level of employment by complying with these simple rules.

Only with public support can an employment service give full assistance to the community.

Make full use of the Local Office of the National Employment Service. It is there to serve your needs, and those of the entire Community.

"MAPLE SUGAR BUSH"

Based upon a picture painted for Carling's by H. W. McCrea, O. S. A., and one of a series of subjects on the conservation of Canada's natural assets.

A full colour reproduction, size 9" x 14", without advertising, and suitable for framing, will be sent to each member of The Carling Conservation Club upon request to Dept. (E13), The Carling Breweries Limited, Waterloo, Ontario.

**"A Six Million Dollar
Sugar Bowl!"**

Unfadingly each spring the sap courses upward through countless maple trees—and with taps, kettles and firewood, the sweet yield is garnered and refined and brought to market, where it brings a \$6,000,000 yearly income to Canadian farmers.

This six million dollar sugar bowl refills itself with maple products each year because the men who operate it understand the powerful significance of the word "Conservation". Do you realize how vital that word is when applied to the vast forest resources which provide a large part of Canada's wealth?

If these forests are to remain the basis of our third largest industry, they must be protected from fire, insect depredations and unwise cutting.

They can only be protected by an awareness on the part of every Canadian of the needs and methods of conservation.

By joining The Carling Conservation Club you can learn the part you can and should play in the protection of Canada's vast natural heritage. *Membership is free and will bring you interesting and authoritative information on conservation as it becomes available. Address your letter to Dept. (E13), The Carling Breweries Limited, Waterloo, Ontario.

**REAL
ESTATE**

Miss Winifred Congdon, Realtor, has just sold the fine property, owned by W. A. Oron, Park Road, Grimsby Beach, consisting of 4 acres with residence to W. Furness Clarke of Montreal.

Mr. Harvey Orland of Brimpton is the purchaser through the C. J. DelePlante agency of the fine brick house and five acres of fruit land on No. 8 Highway east, from Theon Thomas. Mr. Thomas and family will move into the former Laing home on Elm street which they recently purchased from Mr. McNeil who has moved to Toronto.

West Lincoln branch 137, Canadian Legion, have purchased from the Sestinger estate, the brick house and lot on Depot street now occupied by Dr. A. F. McIntyre. They will convert the property into club rooms as soon as occupancy is secured. It is understood that Dr. McIntyre will build a new home on the property on Main east that he purchased last year, next the Grimsby garage.

**Local 805 U.A.W.
Elects Officers**

Local 805, United Automobile Workers of America installation of officers was carried out on Monday March 11th by International Representative Chas. Tanner.

The following are the officers for the year. Claude Sweet, President; Chas. Mason, Vice President; Lawrence Coby, Financial Secretary; Graham Clarke, Recording Secretary; Edward Ball, Earl Etherington and Lewis Jones, Trustees; Walter Spoga, Sergt. at Arms, and William Allen, Guide.

All are employees of the Grimsby Stove and Furnace Co. who completed an agreement with the Union last December.

Car Rolls Over

Frank Stewart of 29 William St., St. Catharines, escaped uninjured except for a slight cut on the head, when his car went out of control on the Queen Elizabeth Highway near the Park Road.

The accident happened at 11.15 Saturday night, when Stewart who was travelling east, swerved to avoid collision with a parked car, and the Stewart vehicle careened across the boulevard and rolled over on the west bound lane.

Stewart's car was badly damaged, stated Provincial Constable Ted. Hays, who investigated the accident.

Funeral services were conducted Monday afternoon in St. John's Anglican Church, Winona, by Rev. Dr. G. F. Scovill, for John Charles Edwards. Interment was made in Fifty Cemetery. A brother, Leonard Edwards, came from Prince Edward Island to attend the funeral. Six members of the Canadian Legion were casketbearers: George Warner, Howard Caudwell, Arrey Lipsitt, William Schwab, D. E. Anderson and L. A. Bromley.

BREVITIES

**EVENTS and TOPICS
of the WEEK in
TABLOID**

Send in your news items.

Today is the first day of spring.

Village Inn dining room re-opens on Sunday.

Next Wednesday night is "Ladies" night at Canadian Legion.

Suckers are up the creek and the boys are getting some nice catches.

Roy M. St. John has been appointed Sales Representative for the Fruit Belt for Torrid Heat oil burners and Kold-Ten refrigeration appliances.

General Inspection of Grimsby High School Cadets will be held on May 21st at 7.30 p.m. Major George W. Beal, M.C. and his staff will make the inspection.

Three more Grimsby servicemen returned home this week in the Ile de France, from overseas. They were Sergt. B. J. Croft, Pte. W. Romak and Pte. S. N. Jampson.

Campbell Grundy of Fort Colborne, will be moving to Grimsby, as he has accepted a position with Winifred Congdon, Realtor, to assist in the office, and the Real Estate work all through the district.

Frank James for the past few years chief engineer with the Brennan Construction Co. has severed his connection with that firm. We understand that he is taking over the chief engineering of a very much larger company.

St. Catharines Public Utilities Commission was advised at the March meeting by the Ontario Hydro Electric Power Commission that the net surplus of the St. Catharines commission for 1945 amounted to \$127,616, one of the largest surpluses in commission history.

Grimsby Weather

Week ending at 8 a.m., Monday, March 18, 1946.

OWEN BOUNDERS
Elgin next, the big squawk was put on by the Fort's and the O.H.A., where upon, the Kings were slated for their next victims.

Perhaps the Lumber Kings were avenging the Owen Sound defeats in St. Kitt's Monday night, when St. Catharines Lions swamped the O.S. Grays 15 to 4 in a O.H.M.A. Juvenile "A" fixture, and St. Catharines Tee Foe's slugged the Owen Sound Diamonds 17 to all in a lacrosse fixture. At any rate the Kings now find themselves facing elimination, but regardless of what happens, the Kings have been a great team, and will be greater come another season.

Memorial Hospital, Wallace Cattel told the history of the band and youth movements in Dundas. The chairman, Mayor Ball, was introduced by Fire Chief Alfred LePage.

Sergt. Harold Slade, son of John and Mrs. Slade, Main west, arrived home on Tuesday after six years and two months service overseas. He had only been in the army a month as a specialized mechanic when he was sent abroad. He served in England, North Africa, Sicily, Italy, France, Belgium, Holland and into Germany. He has another brother who served overseas almost as long and still has a brother stationed at Edmonton.

About four o'clock on Tuesday afternoon a light engine and caboose, travelling east, on the C.N.R. crashed a truck driven by David Nickerson, South Grimsby, at the Kerman avenue crossing. Nickerson travelling north apparently did not see the engine until he was within 15 feet of the tracks and was unable to stop his vehicle but instead jumped to safety without injury. The truck was carried down the track about a quarter of a mile and was a complete wreck. Provincial Constable Teddy Hope investigated.
